**Re: Correction To Staff's Motion To Compel Responses To Data Requests and Delay
Schedule
in the El Segundo Power Redevelopment Project (00-AFC-014)**

Dear Commissioner Pernell:

In Staff's Motion To Compel Responses to Data Requests filed with the Committee on March 1, 2002, it was noted that the Applicant filed its Objection to Data Request 135 on February 19, 13 days after the data requests were served on February 6, 2002, and beyond the 10 period allowed in the regulations for objections. However, since the 10 day period fell on February 16, which was a Saturday, and since the following Monday (February 18) was a State Holiday, the Applicant's Objection to 135 filed on February 19, 2002, was timely. Accordingly, Staff wishes to withdraw this ground for its Motion To Compel. In all other respects, the motion stands as filed.

Thank you for noting this correction to Staff's Motion To Compel.

Sincerely yours,

DAVID F. ABELSON
Senior Staff Counsel
